Manuals of Practice | American Water Works Association

AWWA MANUAL M31 Chapter 1 Fire Flow Requirements For centuries, water has been used to extinguish fires. The inexpensiveness and availability of water are the primary factors leading to its widespread use. But, not only must water be available for fire protection, it must be available in adequate supply.

Distribution System Requirements for Fire Protection

AWWA MANuAL M14 Chapter 1 Introduction For millennia, people have been concerned with obtaining and maintaining pure and safe water supplies. Archeological studies reveal that as early as 3000 BC, the ancient Egyptian State had a government official who was required to inspect the country's water supply every 10 days.
