Introduction. This section focuses on four key topics in China's modern history. The first is that of China's conflict with an aggressively expanding West in the 1800s, beginning with the demands made by England at the end of the eighteenth century; England, as was true with the other imperial powers, was intent on "opening up" trade with China.

China has been a multi-religion country since the ancient times. It is well known that Confucianism is an indigenous religion and is the soul of Chinese culture, which enjoyed popular support among people and even became the guiding ideology for feudalism society, but it did not develop into a national belief.

### Chinese Religions, Beliefs: Buddhism, Taoism, Confucianism

China, one of the countries that can boast of an ancient civilization, has a long and mysterious history - almost 5,000 years of it! Like most other great civilizations of the world, China can trace her culture back to a blend of small original tribes which have expanded till they became the great country we have today.

### History of China, Ancient China Dynasties & Timeline ...

An excellent quick synopsis of modern China. Gives an historical overview, biographies of the major players, and descriptions of all the recent historical trends that make China what it is today, all in 300 pages. My only reason to withhold five stars is that I felt the treatment of the last forty years or so was a bit cursory.
